INTERMEDIATE/ADVANCED – TEENS & ADULTS

The dance workshops are the most important part of this event.

These classes allow dancers to get the chance to meet international dance teachers of exceptional quality, instructors that were selected according to their field of expertise.

KAMATA KIDS

Kids from 8 to 12 Years old can do 4 hours of dance classes with highly qualified instructors. This concept gives kids the opportunity to challenge themselves. Instructors will take into account the young age of the dancers when learning a choreography.
